PET IDENTIFICATION

We are pleased to offer two additional procedures designed to enhance your chances of safely recovering your pet if he/she is ever lost or stolen.

HOME AGAIN

“Home Again” is the most complete pet retrieval system available today. A permanent microchip is inserted just below the skins surface on your pet. The use of a hand held scanner, reveals a code that identifies you as your pets owner. The cost is \$42.00 this includes your first time registration fee and first year membership.

All local shelters scan for Home Again chips prior to euthanizing pets.

YES I want this procedure performed on my pet.

NO I do not want this procedure performed on my pet.

TATTOOING

Tattooing the inside of your pet’s rear leg with either its AKC registration number, or your drivers license number is a positive step in recovering your pet. This is most easily accomplished while your pet is under anesthesia. The cost is \$33.50.

YES I want this procedure performed on my pet.

NO I do not want this procedure performed on my pet.
